PROFESSIONAL SUMMARY

Motivated and detail-oriented **Front End & Full Stack Developer** and BSCS student (6 semesters completed). Strong foundation in computer science principles, algorithms, and modern web technologies. Proven hands-on capability in building performant, responsive web applications using **HTML5, CSS3, JavaScript (ES6+), React, Next.js, and Node.js**. Experienced in designing intuitive UI/UX interfaces, integrating RESTful APIs, and implementing database solutions. Dedicated, quick learner, and eager to contribute to real-world software engineering projects.

WORK EXPERIENCE

- Web Development Intern** Apr 2026 - Present
Kot Enterprises — Lahore, Punjab
 - Assisted in developing, enhancing, and maintaining responsive web applications using **HTML5, CSS3, and JavaScript**.
 - Worked on front-end tasks, optimized cross-browser compatibility, and improved overall UI/UX of client web pages.
 - Collaborated with senior developers to integrate RESTful APIs and dynamic content flows.
 - Utilized **Git & GitHub** for version control, issue tracking, and collaborative code reviews.

EDUCATION

- Bachelor of Science in Computer Science (BSCS)**
National College of Business Administration & Economics (NCBA&E), Lahore
2023 - May 2027 (Expected)
 - Successfully completed 6 Semesters with coursework in Data Structures & Algorithms, OOP, Database Systems, Web Technologies, and Software Engineering.
- Intermediate of Computer Sciences (ICS)** 2021 - 2023
Unique Group of Institutions, Lahore
- Matriculation in Computer Science** 2019 - 2021
Government Central Model School, Lahore

SKILLS & TECH

FRONTEND

HTML5 **CSS3 / SASS** **JavaScript (JS)**
